

NAME: _____

Leonardo da Vinci (1452 - 1519) invented many things, one of which was the calculator. He also came up with an idea for a helicopter, a hang glider, and solar power. He was also a master painter, sculptor, scientist, musician, and philosopher.

Ruth Graves Wakefield (1903 - 1977) was a cookbook writer, chef, and inn keeper. Most importantly, she was the inventor of the chocolate chip cookie!
